His remedies are only those which nature has so bountifully provided us with. In the treatment of fisease he rejects the use of all poisonous drugs and minerals. Instead of enfeehing the system he invigorates, that nature may be able to expel the disease. It is to the knowledge of those great secrets that he owes his success; and in using which he defies all the Medical Faculty on the Continent to compete with him. All those who are suffering from Lung Diseases of whatever nature, are particularly desired to call, as one-half of the cases of consumption that are pronounced incurable by the Medical Faculty, and considered hopeless, are readily cared, and yield at once to his mid plan of treatment, from the very fact that not one physician in twenty have the proper instruments for examining the lung; and those who have, are very few of them capable of judging the amount or kind of disease to which the lung is subject. He has cured hundreds upon hundreds of such patients, who had been given up by other practitioners to die.

For all forms of Dyspepsia and Kniney Diseases he tests the urine, for the excesses deposited, which is the only possible plan to ascertain the true cause of disease.

The Dr. can show more certificates of cures, sworn to by patients, than any other physician in America.

It is a melancholy fact that thousands who are suffering under pale and lusatiate disease are victims of secret habit, self abuse, gradually undermining their constitution—the disease insidiously creeping on, every faculty is shattered, constitution wrecked, and they become subject only for a hospital or mad-house, unless death comes in as a welcome guest to relive the patient from his suffering, and his friends from the painful evidence of his irregularities and errors. The penalty will not cease with the transgression; the constitution has received the shock, and nature, unaided can not repair the injury. The only escape is found in prompt and proper medical treatment. The earlier this is sought the easier the cure. Generally the first symptoms in males, are noctural and sometimes diarnal emissions. In either sex we find weakness of the stomach, abdomen, back and loins, lassitude, loss of memory, confused ideas, low spirits, timidity, aversion to society, love of solitude, with general debility, and frequently attended with cough and bectic fever. This disagreeable and awful complaint, with all its symptoms, can be relieved and promptly arrested by the Indian Herb Doctor and his new method of cure. He uses an instrument that will arrest the disease instantly, and without any exposure to the patient.

DRAINING TILE.

THE UNDERSIGNED HAS ENGAGED MR. JAMES turing purposes.

These Machines make the double-lock, fast stitch—a The UNDERSIGNED HAS ENGAGED MR. JAMES
FOTCHKISS, whose Tile Machine took the first premium at the late Agricultural State Fairs of Indiana, illinois, and Mixsouri, to manufacture Draining Tile on his farm at Gallandet, on the Indianapolis and Cincinnati Railroad, 8½ miles from the former place.

As the business will be conducted on a large scale, orders to any amount may be filled this summer and autumn if forwarded immediately.

These Machines make the double-lock, fast stitch—a stitch that will not rip or ravel, though every fourth one be cut. This stitch is stronger and more elastic than that midde by hand. It is decided by competent judges to be more than twice as strong as the stitch made with shultles and bobbins.

The great room under the arm renders them desirable for large work, and various kinds of quilting purposes.

SEWING MACHINES. THE CLUBBRATED FRANKLIN AND KEYSTONE STATE SEWING MACHINES.

Price--\$40 and Upwards.

Every Machine Fully Warranted. T is now decided by the best Machinests and the public generally, that these Machines embrace the latest and most important improvements ever attached to Sewing Machines: the New Improved Never-Failing Looper, and Reverse Wheel. The Franklin and Keystone State are the only Machines that have these important improvements, which now give them the preference over all others. Every one should examine and thoroughly test them before making their se-lection, as they are rapidly taking the place of all others. In these Machines we do away with all the complicated Screws, WHES, SHUTTLES, BORNES, CROOKED and CROU-LAR NEEDLES, of other machines, which render them at

once greatly superior to any heretofore offered the pub-lic, for the many different kinds of family and manufac-

On these Machines you can use any kind of spool silk, Cotton or linen thread.

These Machines are almost noiseless in operation.
Be sure to see them before purchasing, as they are giving a satisfaction heretofore unparalleled. They sew from two spools without rewinding. They will GATHER, HEM, TUCK, FELL and OUBLY, on heavy or light fabrics.
